Re: Grand Pier Center
200 E. Illinois, Chicago, IL
(ECD/GPC/2250.13)

Dear Mr. Valdivia:

Grand Pier L.L.C. (Owner) has prepared this letter to the City of Chicago, Department of Environment regarding our property located at 200 E. Illinois at Columbus. Grand Pier L.L.C., is recognized as the present owner of the property. The property is the site of the Grand Pier Construction Project. The site is presently under construction.

One 500-gallon underground storage tank has been identified during the standard excavation procedures at the site. The underground storage tank is located in a mutual zone of excavation. Work has stopped in the area of the underground storage tank location. Grand Pier L.L.C., contracted an environmental consultant to handle the feasibility studies. The environmental consultant is STS Consultants, Ltd. (STS). STS contracted an environmental remediation firm to handle the removal and cleanup at the underground storage tank location.

Grand Pier L.L.C., has never owned or operated said underground storage tank. Grand Pier L.L.C., was not knowledgeable of the presence of the underground storage tank prior to its detection. We are conscious of the potential of locating underground storage tanks during the standard construction procedures. Grand Pier L.L.C., considers the removal of this tank a "third party removal." Grand Pier L.L.C., is not knowledgeable of the last utilization of the underground storage tank.

It is Grand Pier L.L.C.'s understanding that since this is a "third party removal", it is not necessary for the underground storage tank to be registered.

Respectively Submitted,

Grand Pier Center, L.L.C.
by its Managing Member
EPC Group, L.L.C.
